

Insulated Roller Shutters

Insuflex Insulated roller shutters are ideal for situations where energy conservation and protection against the elements, extreme noise and a high level of security are a primary consideration, such as:

Warehouses, Distribution centres, Garages/Factories, Equipment noise partitioning, Paint spray booths, Maintenance buildings, Storage facilities and Car ports.

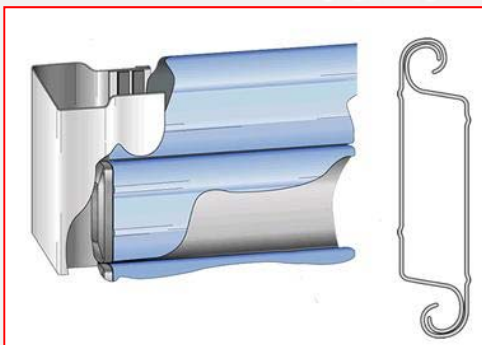

Insuflex

Insulated roller shutters are ideal for situations where energy conservation and protection against the elements, extreme noise and a high level of security.

Secureflex

Dramatically increases the amount of time the burglar, using high speed cutting equipment, has to spend entering the building. It offers complete protection for your stock, increases your security and could lower your insurance premiums.

Insuflex

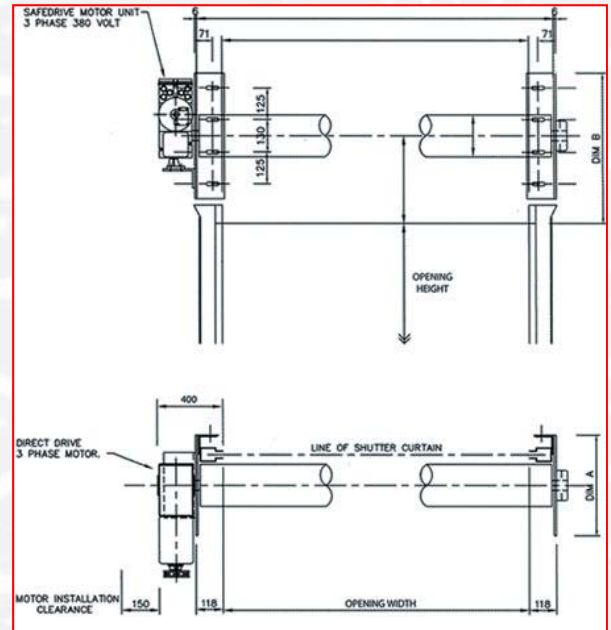

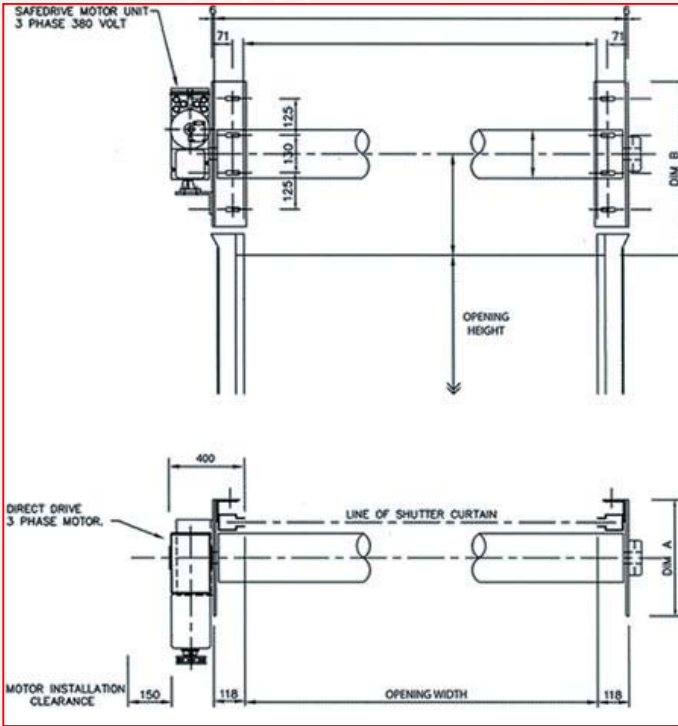

WIDTH	HEIGHT	DIM A	DIM B
2500	2500	430	525
4000	4000	500	595
5000	5000	550	645
6000	6000	600	675

Door Hood Addition - Dim B + 50 all dimensions in mm

Secureflex

operates in the same way as our Insuflex insulated roller shutter. Due to its lightweight composite patented design and formed outer protection it does not require new mechanisms to operate, but can take advantage of existing motor assemblies.
